Under Act 1244 of the 1991 Arkansas Legislative Session, fourteen vocational-technical schools were transferred to the jurisdiction of the State Board of Higher Education. Starting with the Fall 1991 semester, the fourteen technical colleges began reporting enrollment and credit hour data that are based on definitions and reporting practices consistent with other higher education institutions. These students are not included in calculating total headcount enrollment or the college-going rate because comparable figures for these institutions are not available for previous academic years. THE ADHE annual enrollment report for Fall of 1992 will incorporate technical college enrollment figures into the statewide totals.
